FRAUD ALERT

**CENTRAL COAST WATER BOARD HAS NOT APPROVED THE RECLAMATOR AND NO
LAWS REQUIRE THAT LOS OSOS RESIDENTS PAY FOR RECLAMATOR SERVICE**

SAN LUIS OBISPO—It has come to the attention of the Central Coast Water Board that AES, Inc., the company that markets the Reclamator sewage treatment device, has mailed a packet of documents to many residents within the Los Osos prohibition zone. The packet includes an official-looking document that appears to indicate that the Central Coast Water Board will fine residents who don't pay for Reclamator service within 60 days.

This document is **not** a government document. The Water Board has not approved the Reclamator as a part of, or replacement for responsible wastewater management in Los Osos. Any resident of the Los Osos prohibition zone who purchases a Reclamator is still liable for the county wastewater assessment and will still be required to hook up to the sewer system when it becomes available.
